Simplified Summary:

Summary

The Patents Act, 1970 has been amended. The e-version incorporates all the amendments in the Patents act, 1970 and the Patent Rules, 2003. The contents of the Gazette shall prevail on e-Version in case of any deviations.

"Patent" means a patent for any invention granted under this Act. "International application" means an application for patent made in accordance with the Patent Cooperation Treaty. "New invention" means any invention or technology which has not been anticipated by any document or used in the country or elsewhere in the world.

Inventions relating to atomic energy are not patentable. An application under sub-section (1) may be made by any of the persons referred to therein alone or jointly with any other person.

Application for a patent under this Act is prosecuted either alone or jointly with any other person in any country outside India in respect of the same or substantially the same invention. The applicant must file along with his application or subsequently within the prescribed period as the Controller may allow.
